

# **EFFECTIVE IMMEDIATELY**

**DEAR MEMBERS:**

As we contend with the problems associated with the **COVID-19 Virus (Coronavirus)**, the safety of our members, as well as the safety of our staff is extremely important. To help reduce the possibility of the spread of this disease, **we are temporarily closing our lobby.** Our drive-up facilities and our ATMs will continue to be accessible along with our mobile banking service. Should you need our lending services you may apply online and our loan officers will contact you to make arrangements for closing approved loans. In addition, we will be available by appointment for assistance with loan requests.

We apologize for this inconvenience, but the public health of our members and employees are our deepest concern. Hopefully, this temporary service arrangement will only last for a few days and full service will return soon.

**Thank you for patience!**

**Frank Garrett  
President and CEO**
